## The European Education Area by 2025

- High-quality education, irrespective of socio-economic background
- No barriers to learning and training abroad
- Automatic mutual recognition
- Speaking two languages, in addition to one's mother tongue, is the norm
- Strong sense of a European student identity

European Commission

Fondazione ENDISU

# ESC-Tension
**EU Student Card Extension and Adoption**

# BACKGROUND

## European Student Card Initiative

Digitalising and standardising student mobility administration processes

Rolling out the "European Student Card" and enabling online authentication of students' identity across Europe

European Commission

FONDAZIONE ENDISU

# Timescales

Use of the data transfer standards will become gradually mandatory in the next Erasmus programme

- **2021**: Inter-institutional agreements and Online learning agreements
- **2022**: Nominations
- **2023**: Transcripts of records

  *Timescale depends on systems being fully tested by higher education institutions and confirmed fit for purpose!*

**By 2025:** European Student Card available to all students in Europe

To achieve this, European Student Card Digital Officers are working with the Commission to assist with communication, training and planning.

# ESC-Tension  WHY?
**EU Student Card Extension and Adoption**

**2018**     **ESC-R rolls out in production**

**2020**     **600.000** cards registered

**2025**     **Every student in Europe has an ESC**

**OPERATIONAL challenge**

**Increasing but still slow adoption**

**IMPLEMENTATION challenge**

**ADMINISTRATIVE challenge**
